i. Volunteers Annual report

Cllr Arnold will provide an annual report at the March meeting.

c. Village maintenance

Concern was raised about the hole in the ground where the horse chestnut had been removed. Cllr Arnold will investigate this.

11. Playground and School

a. Playground quarterly report

Cllr Mavin reported that more play bark will be needed in the new financial year. Replacing some of the vegetation with turf also needs to be considered. Wet weather has caused muddy areas around the equipment so it is hard to assess what repairs are needed. The PC requires a company or person who is willing to do playground maintenance as required. Cllr Mavin will investigate this.

b. Update on quotes for warning sign on basketball hoop

A quote has been received for £100.51 from Witney Signs. This does not include VAT or installation. The PC had previously resolved to spend £70. It was agreed that the clerk would proceed with this sign. It was **resolved** to spend to up to £150 on the sign and installation.

c. To discuss extra costs incurred on playground maintenance

A bill has been received for £720 plus VAT from the playground maintenance contractor. This is above the agreed spend for this financial year (Miscellaneous maintenance for £400 resolved in June 2017 and zipwire repair for £203 resolved May 2017). It was **resolved** to pay the invoice at the March meeting with the extra spend authorised.

An information sheet will be given out to anyone interested in standing to be a councillor. This was approved.

13. Highways and Transport

a. Update on safety measures on Station Road

Results of a second speed check have been received. The first survey showed a lot of speeding (held in March 2017). On the second speed survey, the 85th percentile shows a speed of less than 40mph. On this information it was **resolved** to go ahead with the process of requesting a change in speed limit to 30mph but ask to be advised of costs once the consultation process has finished.

b. Update on West Oxfordshire Community Transport

Cllr Pitman reported that the new bus service has started. The first few days have been difficult because of diversions and road works. The route will be reviewed next week because the journey along Plum Lane is taking longer than expected. An app is being developed which shows where the bus is on its route. This will be publicised on the website when it is released.

c. Report on meeting with GWR

Cllr Pitman attended a meeting with GWR and Robert Courts MP. There are no plans to increase the frequency of trains stopping at the smaller stations until the track is double tracked.

The Government has launched a public consultation asking for views on future services across the Great Western network and how services can be improved. This closes on 21st February and can be found at online at <https://www.gov.uk/government/consultations/great-western-rail-franchise>.

Cllr Pitman will reply on behalf of the PC.
