The empty hive has been moved and a path has been mowed to the new location adjacent to the container.
It was **resolved** to purchase a hive at an estimated cost of £25. This will be donated to Pat Collins, the beekeeper for the allotment site.
No complaints or queries have been received from the consultation on keeping bees at the allotments, so it was **resolved** to go ahead with it.

ii. Update on Wychwood Sprouts – allotments group for children
An allotment holder has agreed to remove the weeds on the Sprouts allotment. He is also dealing with plum suckers at far end of allotments.
In order to erect the donated greenhouse, the Sprouts require one ton of sand for £70, slabs for approximately £80 (Hickmans will be asked if they have broken ones at a cheaper cost), glass replaced for £25 and £15 for clips to put glass in. In total £200 is required. Labour to erect the greenhouse is also needed. It was **resolved** to spend £200 for these materials.

iii. Update on provision of Seating area/Pond/wildlife area. To set a budget for project.

This was discussed. It was **resolved** that seating will be implemented next financial year. Cllr Mavin will consult on the best way to set up a pond. The clerk will look for funding for this.

b. Volunteers

- i. To consider placing a second container on the allotments

Cllr Arnold requested that the PC considers placing a second container on the allotments as more storage is much needed for volunteer equipment and fair storage. It was **resolved** that Cllr Arnold would obtain a quote for a 10x5 metal secure container.

c. Village maintenance

- i. To consider setting up a Trusted Trader account

Cllr Etherington requested that this was considered. Following discussion, it was **resolved** that standing orders would be amended so up to £500 could be spent before three quotes are necessary. It was agreed that this would enable work (such as parish maintenance) to be completed more quickly, whilst still providing value for money.

d. Burial Ground

Cllr Etherington reported that the Sequoia in the closed burial ground is leaning and boughs are falling off. This was reported to the Vicar who arranged to have two tree surgeons inspect it. Both tree surgeons have agreed that the tree is safe.

The dry-stone walls have been completed. Thanks will be passed onto the Wychwood Project for doing a fantastic job.

The rubbish bins have been overflowing so the PCC has been emptying them.

Volunteers will be trimming the trees.

The path up to the playground is uneven and will need repairing. It was agreed to wait for the ROSPA report, which is due in July, before any decision is made.
