6. **County Councillor's report**

Online County Council meetings, including scrutiny committees, have now re-started. County Hall has now re-opened for registrations of births, and some staff have moved back in though most people will continue to work from home.

Recently the Government has funded grants for their Active Travel programme which is to encourage more walking and cycling. Oxfordshire put in a bid for £600,000 but was only awarded 50% of this. This was very disappointing and we have yet to see details as to why the bid was not successful, but we think it was because too much was included that should have been funded by the County out of its existing budget. This included repainting of some lines for cycle lanes and the management of vegetation. The county council has now allocated £300,000 to this work out of their own funds. West Oxfordshire has had very little other than a new bicycle rack in Witney, though the verges are being cut to accommodate cyclists. There is a further £2.4 million which will be open for the county to bid for next month which can be used to set up new schemes and councillors will review the bid with officers this time to ensure that it meets the criteria.

Another government initiative for which Oxfordshire has been invited to bid is Better Deals for Bus Users. Part of this is for rural bus services, but unfortunately, although bus services linking with rail stations in West Oxfordshire were considered, they have not been included in this bid, and in all cases appear to have failed due to not increasing diversity.

Incidences of coronavirus are now very low in Oxfordshire and we are no longer having the weekly updates that we got used to during the past few months.

There is a move towards a unitary council again. This is country-wide. A White paper on this is due to go to Parliament in September.

7. **District Councillor's report**

Covid-19 recovery has been the biggest and most important issue dominating the council's time. Cllr Acock has been pressuring the administration to offer financial support, in the form of a loan, to the leisure providers, GLL (also known as Better Health). The reason why it should be a loan is to make sure that if GLL was to file for bankruptcy, West Oxfordshire District Council, can be a creditor and, hopefully, retrieve some, if not all, of the funds. More can be found here:

There have not been any Scrutiny meetings and still no motions are allowed at full council, despite needing these vital pieces of democracy to operate for a full recovery. All meetings are still online.

Regarding the issue of planning, the Gas Lane development has been deferred until next month so the developer can take on board the objections raised by the Parish Council and a vocal resident. It will then go back to the Uplands planning committee and we will have to see the verdict then.

The Eynsham Garden village action plan just been released.

Cllr Acock has been awarded a scholarship from Gray's Inn to train as a barrister. He begins his master's in law in September, followed by the barrister training the year after. Congratulations were passed to Cllr Acock.

This was **resolved**.

- f. Update on sewage discharge into Little Stock brook and the Evenlode at Shipton

Thames Water can legally discharge sewage into the river at certain times. It seems to be more often at present, so concern has been raised. Cllr Colledge will talk to John Pratt, councillor at Milton, to work on this.

13. Playground

- a. To note opening of playground and steps taken to achieve this

The playground was re-opened on 4th July in line with Government guidelines. A thorough risk assessment has been carried out, signs and posters have been erected and anti-bacterial hand wash was provided in the early stages of re-opening. Weekly checks are being undertaken in line with insurance requirements. All posts on social media and signs clearly state that parents/carers are responsible for cleaning equipment and hands before and after use as the PC does not have the facility to carry out a regular cleaning schedule.
